### What & When

Starting at the Freddy Mercury statue, we will walk through the jazz festival and stop at its numerous stands where you will be able to buy anything imaginable whilst listening to open-air music. Those who feel like it can have a drink at one of the festival's many funky bars or clubs.

### Eating

Once we have gone round the festival, we will stop at the food stands to eat. The Montreux Jazz Festival offers a large variety of cuisine styles, it's a great place to eat out for everybody.

However, finding somewhere to eat all together may be difficult due to the amount of people about but the Jazz always provides many table and benches to eat on. If possible, we will eat on the lake.
